Dear Parent/Guardian,

Trafalgar High School is looking forward to another great year of teaching and learning and would like to advise you of Trafalgar High School's voluntary financial contributions for 2024.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, we appreciate the relationship we have with our parents/guardians. This has made a huge difference to our school and the programs we can offer.

Within our school this support has allowed us to purchase music, art, design tech and physical education equipment and resources to give our students the utmost opportunities. These funds also enhance other areas such as our library, food technology and student wellbeing spaces. Our building and grounds are constantly maintained and modified to suit the requirements of our students. All of these programs run alongside our traditional classroom teaching and learning programs and are justified to provide your student with a balanced and exemplary educational experience.
